

Agricultural Manager

Crain Orchards
Los Molinos

Full-Time position

Health Insurance, 401(k) and productivity bonuses included in compensation package.

Wage: Salary commensurate with experience to start then based on annual review and results

About the Position:

Crain Orchards is a progressive and stable farming company currently looking for an essential team leader with agriculture and farm expertise. This position will have primary oversight responsibility for budgeting and farming execution for tree and row crops, and initially supervise approximately 15 employees. Ideal candidates should have an extensive background in either tree farming or row cropping and be motivated to learn the other. If you are looking for long term employment with significant opportunity for advancement – Apply Today!

Requirements:

- Looking for a mature, self-motivated, detail oriented manager with good common sense and excellent communication skills.
- Candidates must be quick learners and be willing to work as a team with other managers with similar responsibilities on other work locations.
- Should have some experience with chemical use, reporting and be willing to obtain and maintain a QAL certificate.
