TA and Petro Stopping Centers is the largest full-service travel center company in the United States, serving professional drivers and motorists alike. Our mission is to take care of all highway travelers in the finest full-service facilities on the road. And, with over 30 years of experience, TravelCenters of America has established itself as a leader in serving travelers.

As a **Technician/Mechanic**, you will provide accurate and efficient services to customers by troubleshooting, diagnosing and repairing heavy duty semi-truck trailers in a safe, reasonable and responsible manner. You will be required to have a *whatever needs to be done* work ethic and attitude, be mechanically inclined, and a team player with neat clean appearance. You should be self-motivated, dependable and work well with others. You must respect authority, and be willing to work with the public.

Qualified candidates must possess a high school diploma or GED; completed a technical education or have verifiable work experience as a truck or automobile mechanic/technician. State and/or ASE certifications are preferred and may be required. Preferred candidates have knowledge and experience working on commercial truck tires, preventive maintenance, air brake, electrical and air conditioning systems. You must have the ability to stand for long periods of time, be willing to work flexible schedules and able to lift heavy weight. This position requires motion to push, pull, stretch and continuous bilateral use of fingers and wrists. Some janitorial work is required by all employees to maintain a clean and safe work environment.
