**About CaptiveAire®:** CaptiveAire® is the nation's leading manufacturer of commercial kitchen ventilation systems. It is always seeking innovative, dedicated, and hardworking individuals to fill positions in facilities located in the United States. CaptiveAire's integrated kitchen ventilation packages include hoods, exhaust fans, electrical controls, direct-fired heaters, grease duct systems, fire suppression systems, grease filters and utility distribution systems. CaptiveAire's clients include independent restaurants, national chains, and other public and private institutions.

**What you'll be doing:** At CaptiveAire, we create kitchen hoods of all sizes. As a **Manufacturing and Production Technician**, you'll be working in a small 2-3 person line or a larger 8-10 person line. You could be responsible for putting together a complete unit on your own or have a dedicated spot on a larger line where you could be responsible for one specific aspect of the product you are making. This position often involves working with hand and power tools, and accurately reading specs.

## What we are looking for:

- Hard working individuals, wanting to excel in their profession
- Self-starting team player with a positive attitude, good communication and exemplary attendance.

## Please be aware of the following when submitting your application for employment:

- Applications submitted for this position are valid for **60** days.
- Consideration for employment after **60** days requires a new application to be submitted.
- Review your answers for accuracy before submitting.

**Deadline to Apply: Open Until Filled**

## To Apply:

Applicants can apply online at <https://www.captiveaire.com/Careers.asp>
