

Job Title: Firewood Splitter

Wage: \$13.00 per hour

Seasonal Position: Current season will end in March

(Potential to stay throughout the year dependent on work ethic and production.)

Firewood Splitter

We are looking for an applicant to safely operate a firewood splitter or maul either out in the field or at our shop. Parts of the job will include heavy lifting, handling dangerous equipment with care, maintaining equipment, and cleanup of the work area or job site. This is a **VERY** physically demanding job. This position will be hired on an on-call basis, but will have more work availability during the winter/firewood season.

Qualifications:

- High school diploma or equivalent, or an Associate's Degree.
- Understanding of and experience using a maul is a plus.
- Must be in good physical condition as applicant will be required to perform duties within conditions that are less than ideal, such as inclement weather/climate, changing project conditions, or wearing additional safety gear. The applicant may need to work in wind, rain and direct sun.
- Must understand how to get the most production from the tools available. Be able to decide when changing a tool or choosing a different piece of wood would be more efficient/effective.
- Must be able to take directions from others and be a team player.
- Reliable transportation a must.
- Ability/willingness to travel long distances to get to and from work if necessary.

Accountabilities:

- Determine safe working practices, maintain a safe working space.
- Use personal safety clothing and equipment
- Maintain and repair equipment, cleaning, oiling, and greasing equipment and sharpening properly.
- Communicate with other team members about work progress and safety.

Knowledge and Skills:

- Ability to:
 - Work safely and efficiently
 - Use and operate dangerous/heavy equipment, tools and machines safely and proficiently
 - Lift and move heavy materials
 - Split and stack at least 3 cords of wood per day
 - Recognize size/quality/growth patterns of materials to expedite the splitting process
 - Pay attention to surroundings

- Follow specific instructions and directions, understanding basic verbal and written instructions in English
- Listen attentively and use English speaking skills to communicate and ask questions
- Work independently as well as under immediate supervision; take on initiative.
- Work hours mandated by management
- Maintain stamina to do physical work throughout the entire day
- Be able to work in harsh outdoor environments
- Load/stack cords of wood according to specifications.
- Be open to change and have a positive and supportive attitude. Be willing to take on other/additional shop related duties as requested.
- Time management skills to plan and organize work and finish on schedule
- Be committed to company goals
- Punctuality, reliability and hard work ethic
- Self-motivated – driven to achieve results

Disclaimer:

This role description has been designed to indicate the general nature and level of work performed by the individual within this classification. It is not designed to contain or be interpreted as a comprehensive inventory of all accountabilities, responsibilities, skills and qualifications of those assigned to this role.
