

Equipment and Machinery Cleaning and Sanitation Team

Full-time, Regular Position

Starting Wage: \$14.25 per hour

Hours: 5:30pm – 2:00am Monday – Friday

(*Starting on 6/24/2019 the department will be going to an alternative workweek. The shift will change to Monday – Thursday, 9:00pm-7:30am or Wednesday – Saturday, 9:00pm-7:30am)

Job Responsibilities / Duties:

- Communicate effectively with other team members and any other department in the facility.
- All members must be able to use cleaning supplies/chemicals such as Isopropyl 70%, and any other approved chemical cleaner.
- The Sanitation Team members must be able to use cleaning supplies/chemicals such as Isopropyl 70%, and any other approved chemical cleaner.
- They are also responsible for alerting maintenance of any issues with equipment that is observed not working properly and reporting any injuries or concerns immediately to supervisor.
- They must clean and sanitize all equipment and machinery in the Packing, Shelling, Pasteurizer, and Laser Department.
- The cleaning staff will remove any garbage, debris or filth as soon as it is recognized throughout the plant inside and out.
- It is each employee's responsibility to report any potential food safety or employee safety concern.

Staff must fill out a pre-operations check list prior to shift. They also must keep detailed logs of sanitation tasks daily and stay on schedule with tasks to be done daily, weekly, monthly and annually. Staff must comply with rules and regulations set by Andersen & Son Shelling.
