dreamers, who want to make a difference. We work together combining our global perspective and direct access to the source to create practical, new solutions to meet agriculture's toughest challenges.

Join the team at any Land O'Lakes location or with one of our retail-owners and you'll sense the optimism, honesty and innovation that goes into everything we do. Together, we strive to feed human progress.

JOB SUMMARY:

This role is at a Dairy Foods manufacturing facility for Land O'Lakes, creating dairy products that stand for real, simple goodness. We believe there's power in every drop of milk our farmers produce, and by improving production and finding innovative uses for that milk, we add a little good to people's lives.

The Production Operator is the front-line employee who performs the manufacturing processes that add value and quality to the inputs and create the final high-quality products. There are a variety of sub-classifications within the Operator job family that could range in specific duties from receiving and handling the raw materials, adding value through a variety of proprietary processes, to packaging the final product. In all stages of production safety, attention to detail, a quality and sanitation focus, and efficiency are key to the success of the operation.

EDUCATION:

High School Diploma or GED

REQUIRED EXPERIENCE:

- Work experience in any industry
- Basic computer skills
- Ability to follow manufacturer's specifications and direction

MINIMUM QUALIFICATIONS:

- 18 years or older
- Willingness to be trained
- Able to trouble shoot mechanical problems
- Able to work in a fast-paced environment
- Work in cold and/or hot temperatures throughout the day
- Adhere to all standard operating procedures (SOPs)
- Ability to demonstrate knowledge in their functions and ability to troubleshoot and fix system issues is preferred
- Self-reliant and able to accurately work under limited supervision
- Ensures a safe working environment while performing assigned tasks
- Customer focused and able to work in a collaborative team
- Ability to be flexible in work performed and schedule
- Ability to read, write, comprehend, follow verbal and written instructions and possess basic mathematical skills
